State Decreasing			18			20			19	

Total Percent Changes are calculated based only on states reporting data for both years being compared.

a = Medicaid Revenues for Community Programs are not included in SMHA-Controlled Expenditures

b = SMHA-Controlled Expenditures include funds for mental health services in jails or prisons.

c = Children's Mental Health Expenditures are not included in SMHA-Controlled Expenditures

d = The New Mexico SMHA system was redesigned in FY07, and as a result they reported a significant increase in mental health funding compared with prior years. This is an artifact of the SMHA reorganization and not any significant increase in funding for mental health.

*** Rhode Island does not have a state psychiatric hospital. Reported figures are expenditures expended for psychiatric services at a state-run hospital (Eleanor Slater Hospital).
