NA=Services provided but exact expenditures are unallocatable

a = Medicaid Revenues for Community Programs are not included in SMHA-Controlled Expenditures

b = SMHA-Controlled Expenditures include funds for mental health services in jails or prisons.

c = Children's Mental Health Expenditures are not included in SMHA-Controlled Expenditures

d = The New Mexico SMHA system was redesignated FY07, and as a result they reported a significant increase in mental health funding compared with prior years. This is an artifact of the SMHA reorganization and not any significant increase in funding for mental health.

** In FY01 Maine was using a different methodology to calculate revenues and expenditures. This methodological difference accounts for the large increase in data reported in FY01 and the current reporting
