

State/local Partnership for Decision Support

NYS OMH
October 3, 2002
E. Kevin Conley

An Information Platform linking State & Local Mental Health Authorities

BRIDGES

Select a Menu Version: Default | Fresh | Test
Privacy Policy

Data Infrastructure Development

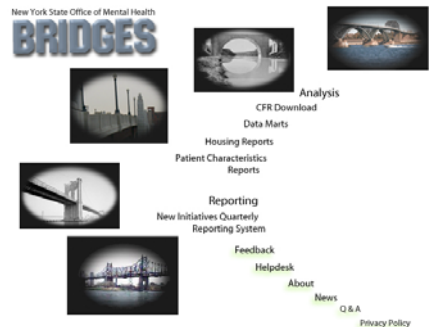

- Fill information gaps
- Develop annual estimates of recipients
- Collaborate with counties to bridge data, information technology and local planning

Bridges Web Portal Contents

- Access to recipient characteristics and provider fiscal and descriptive data via
 - Standard reports
 - On-line query tool
- Download capability
- FAQs, metadata and support

State/local Collaboration

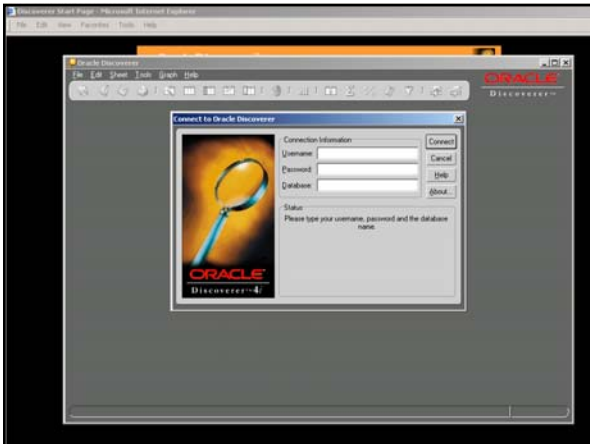

- Executive workgroup created in fall of 2002
- Goal – local access to data that is:
 - Timely
 - Cost effective
 - User friendly
 - Allow users to profile populations and assess outcomes

NYS Public MH System

- 4000 inpatient and community programs
- 170,000 persons seen weekly
- 14% of system is State-operated
- 50-65% of clients seen weekly are Medicaid eligible

**Table 2A Profile of Persons Served, All Programs by Age, Gender, and Race
One Week Survey**

	Number of Individuals															Sum			
	Hispanic			Native American						Other Ethnicity			Unknown Ethnicity				White Non-Hispanic		
	Female	Male	Unknown	Female	Male	Unknown	Female	Male	Unknown	Female	Male	Unknown	Female	Male	Unknown				
Age	2769	5059	12	22	61	351	530	2	125	226	26	4386	7149	1	30920

Race	1018	430		12	9	75	39	1	125	49	12	6988	3445	9	14119				
Sum	17	31				1	3		23	25	30	30	37	2	295				
Total	18291	14624		63	229	260	1329	1468	8	996	1064	198	43644	41810	66	165202			

County Role in Planning (NYC and 56 Counties)

- Review local need
- Develop plan for comprehensive services
- Assure participation by recipients & families
- May provide services directly and may contract with voluntary agencies

**Table 3A
Profile of persons served in the community MH setting by homeless status
One week survey**

	Number of Individuals											
	Child			Adul			Geriatric			Unknown		
	F	M	U	F	M	U	F	M	U	F	M	U
Age	110	237		1185	2042	12	166	122		8	20	4

Current Activities and Status

- Training on software tool to query data
- Marketing – illustrate effective use of data
- Collaborate to develop new management information systems

Next Steps With Localities

- Medicaid transaction-level data mart
- Training and marketing
- Web-based data collection for housing, case management, and specialty programs

The screenshot shows a web-based data entry form titled "Adult Referral - Well Being". The form is divided into several sections:

- Demographics:** Includes fields for County name (Wethersfield), County code (00), Client's first name (Elija), MI (C), Last name (Condy), DOB (08/09/1946), Sex (Male), AOT status, Medicaid status (Eggle), Medicaid # (80938008), Primary language (Cande), SSN (078-45-5038), State ID, Client county ID (Wethersfield), and Child (No).
- Risks (Select one response for each):** A scale from 0 to 5 with 'U' for unknown. Questions include:
 - How frequently did this recipient do physical harm to self and/or suicide attempt? (0, 1, 2, 3, 4, 5, U)
 - How frequently did this recipient physically abuse and/or assault another? (0, 1, 2, 3, 4, 5, U)
 - How frequently was the recipient a victim of sexual or physical abuse? (0, 1, 2, 3, 4, 5, U)
 - How frequently did the recipient engage in arson? (0, 1, 2, 3, 4, 5, U)
- Other co-occurring disabilities, if any? (Select all that apply):** Includes checkboxes for Drug or alcohol abuse, Cognitive disorder, Mental retardation or developmental disorder, Blindness, Impaired ability to walk, Hearing impairment, Speech impairment, and Other (Specify).
- Alcohol and other drugs (Select one response for each):** A scale from 0 to 5 with 'U' for unknown.
